

RUBITHON

The annual, official event of the Toyota Land Cruiser Association

June 15-20, 2010 ♦ 22nd Annual Run ♦ www.rubithon.com

FATHER'S DAY RUN

For 2010, we're returning to our regular schedule of runs. We're keeping the unit pricing so you can choose only the items you want beyond the standard registration fee.

To confirm your attendance and guarantee ordered merchandise, we must receive your registration by May 31. Registrations after this date will be charged a late fee of \$25.

No refunds after 5/31. All merchandise will be more expensive if not ordered in advance (for example: t-shirts will be \$20 at the event). So save a few bucks and order your stuff now!

The Rubicon Trail is one of the most challenging and most threatened trails in the U.S. Rules, restrictions and guidelines are actively enforced. Minimum vehicle requirements: 33" tires, and either a single locker or lower gearing. All vehicles must have: Hi Lift Jack, front and rear recovery points, a strap (no chains or metal hooks), fire extinguisher, first aid kit and personal toilet. Gloves are required for all spotters who may need to stack rocks.

All attendees must be TLCA members. If you are not, you can include your membership dues on the registration form. Your truck must meet or exceed minimum TLCA safety requirements. If not, request approval directly from Rubithon Chairman.

Great Deal! Our Premier Pack for 2010 includes event registration, two breakfasts, two dinners, two T-shirts, two stickers, TLCA 1st class membership and an extra grand prize raffle ticket.

PLEASE APPLY BY MAY 31

Registering early will help make sure we have the right amount of food, t-shirts, etc., and will protect the sanity of your cheerful Rubithon committee.

We thank you!
